PREAMBLE

The Association of Microfinance Institutions in Rwanda (AMIR) is an umbrella organization created by microfinance institutions in 2007. We bring together more than 320 microfinance institutions, including microfinance banks, microfinance limited companies, Umurenge SACCOs, and NGOs that promote microfinance.

Our main responsibility is to support and facilitate the development of the microfinance sector in the country. We are the only professional micro finance association in the country. As an apex institution of the Rwandan microfinance practitioners, we wish to combat poverty through building inclusive markets and financial systems, contributing to further professionalization of MFIs and promoting financial literacy, especially among the rural population.

The General Assembly of AMIR has adopted this Code of Conduct, to ensure that there are self-imposed clear guidelines to improve the quality of member microfinance institutions' interactions with their clients and members, and regulate relations with other stakeholders.

All our member MFIs, irrespective of their legal form, are committed to this Code of Conduct, which is essential towards achieving our mission. It promotes the highest standards of ethics and professional excellence and provides financial and non-financial services that benefit clients and members in a manner that is ethical and dignified for the ultimate benefit of all fellow Rwandan citizens.

By signing this code, we, the members of AMIR, are committed to:

- * Adhering to both the letter and spirit of the values and practices outlined in this code
- * Applying this code, no matter the legal structure of our MFI, to all types of microfinance activities
- * Disseminating this Code of Conduct among our staff and clients/members
- * Avoiding any illegal or unethical practice and complying with existing laws and regulations related to the microfinance sector in Rwanda

Monitoring and reporting to AMIR our compliance with this Code of Conduct
